

Welcome to our Pig Party (Wedding Celebration) – August 22–23, 2026!

This past summer, Märta went down on one knee on a cruise to Latvia and proposed to Gunnar after more than ten years together. The original plan was to get married on **Pig Island** in the Bahamas, among the wild swimming pigs 🐷🌴 – but how could we possibly celebrate with all our friends there? Instead, we're bringing Pig Island out onto the deep waters of the Baltic Sea... 🌊🚢

On **Saturday, August 22**, it's happening! Gunnar and Märta will “tie the knot” (or rather, **tie their snouts** 🐷) with family at lunchtime – and then invite you all to a **PIG-tastic wedding party** onboard the ferry **Viking Glory**, sailing the Baltic for 22 hours.

When a jewellery artist and a playwright get married and want to celebrate with as many amazing friends as possible, things are bound to get a little different 🤖✨ We're not wishing for wedding presents – the greatest gift would be if you'd join us on this **hog wild adventure at sea!** 🐷🌊 This will be a party for grown-up pigs only – so please leave the piglets (children) at home 🐷🚫👶

If ferries aren't your thing, or if the setup feels too pricey/complicated or just doesn't work for you – we completely understand ❤️ This is a very open invitation to everyone we love and want to celebrate with – but each guest will book and cover their own cabin, meals and drinks.
